A GROWING INDONESIA

- 4th most populous nation
- 3rd fastest growing G20 economy – may become the world’s seventh largest economy by 2030 and fourth largest by 2050
- Steady 5 per cent economic growth
- A prosperous and secure Indonesia is in Australia’s interest
OUR ECONOMIC PARTNERSHIP

• But Indonesia’s growth trajectory is not assured

• Working as partners to help Indonesia to improve the impact of its own spend on growth and services

• Australia’s role is to provide advice and expertise
OBJECTIVES

• Effective economic institutions and infrastructure

• Human development for a productive and healthy society

• An inclusive society through effective governance
INVESTMENT PRIORITIES

- Infrastructure and Trade
- Agriculture, Fisheries and Water
- Effective Governance
- Education and scholarships
- Health
- Building Resilience
- General development support

(2016-2017)
