**MAKING IT EASIER FOR AUSTRALIAN BUSINESSES TO REPORT A BARRIER**

---

**ADDRESSING TRADE BARRIERS**

Non-tariff barriers can be any kind of 'red tape' or trade rules that unjustifiably restrict the flow of goods and services.

The Government is taking action to remove these kinds of trade barriers for Australian businesses in overseas markets. We are rolling out an action plan to make it easier for businesses to access the help they need, improve collaboration between government and industry, and increase transparency of processes and information.

**PARTICIPATE** **REPORT A BARRIER** **CHECK FTA PORTAL**

Learn more about Australia's action plan and share your experiences. To lodge a barrier that is holding you back report it here. To check how you can benefit from our growing number of FTAs, visit our portal.
