

# GUIDE TO SCHEDULE 9D

## EXPORT EARNINGS – EVENTS PROMOTERS

UPDATED 22 MAY 2019

### GUIDE TO WHAT YOU CAN CLAIM

The total of all Export Earnings Schedules (9A to 9E) **must** equal the total of Export Earnings on the application form. Applicants should claim export earnings **received** in the grant year.

Complete a schedule for each export earnings category relevant to your business. Even if this is your first or second application, providing details of your export earnings will facilitate a smooth assessment of your application.

Export earnings are mandatory in order to receive a grant if this is your third or later application.

### Events promotion

State the sum of all the eligible export earnings of all event holder clients, whether Australian or foreign residents for the grant year. Eligible export earnings will include:

- The registration fees paid by foreign residents for admission to the event
- The event holder's sales of goods or services in connection with the event including accommodation or pre and post tours – if the sales are made to a foreign resident who attends the event in Australia.

Note: Event holders or owners that do not engage an event promoter should claim export earnings at Schedule 9C Export Earnings – Tourism Services.

**NOTE: If you have more than 50 export earnings transactions this grant year, you can:**

- **Provide details of individual transactions for one month (enter the date in the 'Date earnings received. Actual date' column), and**
- **Provide monthly totals for other months (use 'Date earnings received. Month only' column).**

**NOTE: Enter a date in either 'Actual date' or 'Month only'.**

**Not BOTH.**

**The basis for any apportionment of expenses should be entered in the Notes field.**
